Nicholas Vastardis, P.E.
Vastardis Consulting Engineers, LLC
29 Harvey Lane
Malvern, PA 19355-2907

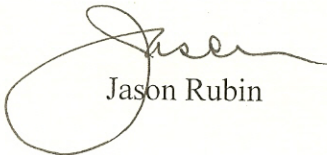

Dear Nick:

I am writing to express my appreciation for your assistance last year with the construction project at our home in Radnor. The engineering knowledge, accuracy and attention to detail exhibited by Vastardis Consulting Engineers were key contributors to the success of the project in which you played a pivotal role.

I was particularly impressed to see the township engineer approve the site grading plan without any comments or objections – a reflection of your superior work and the high standards to which your firm adheres.

I greatly enjoyed our collaboration and recommend your services highly.

Best wishes,

Jason Rubin
